Re: Important Notes about Camp SSB KIDS!

We would like to share a few important notes with you to better prepare you for your upcoming camp experience:

- Please remember to sunscreen your children before arrival to camp.
- Send spray-on sunscreen, beach towel, tennis shoes, extra shorts, gymnastics clothing, goggles (optional), bug spray (please let us know if your child does not want spray, only applicable on buggy days), sports bag, water shoes
- Please print your child's name on all belongings with a permanent marker
- Please remember to send your child in a swimsuit (one piece or tankini for girls) or swim trunks with gym clothes over top of them.
- Please send a fitted t-shirt for gymnastics use.
- Hair longer than shoulder length should be tied back.
- If your child is in our before and aftercare KIDS FIT program, please be aware that they will need to be picked up in our annex building located directly west of our main SSB KIDS building. The building is located in the office complex just west of us, and has a large KIDS IN Motion sign above the front door. You will need to ring the buzzer and a KIDS FIT director will buzz you in. **(AFTER CARE PICK-UP ONLY)**
- **If your child has gymnastics class and needs to be taken over to class from kids fit, please let us know at drop off.**
- Morning KIDS FIT will be dropped off in the original SSB KIDS building.
(BEFORE CARE DROP-OFF ONLY)
- Lunch is available for purchase for \$4.00/Day
